

STATIC ELIMINATORS & PANZER WHEELS

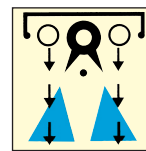

STATIC BAR SYSTEM *Eliminate Costly Downtime Due to Troublesome Static!*

MODEL 200 "SINGLE-SCAN"
Single row of emitters - our most widely used static eliminator bar! Effectively removes both positive and negative charges from plastics, paper, textile, etc. at a very low cost.

MODEL 200 "WIDE-SCAN"
Two rows of emitters - like having the static neutralizing power of two bars in one! Use on high speed applications or to remove static from two perpendicular surfaces.

MODEL 200 "AIR-BAR"
Couples to the high performance of the "wide scan" bar with compressed air emitting tubes. Extends the range of the Model 200 Bar up to 8' Floods the area with static neutralizing air.

PRECISION ENGINEERING AND TECHNOLOGY

Model 200 Series electronic static eliminator bars with our Diffused Discharge System, offers you the high performance capabilities and precision engineering features you need to eliminate costly static problems throughout your plant... neutralizing both positive and negative static charges.

- Increase Productivity • Low in Cost • Two Year Warranty

STATIC BAR SYSTEM PRICING

(Includes one Static Bar, Power Unit, and 5' Cable and mounting hardware)
Overall bar length is 2.63" longer than effective lengths stated below.

BAR LENGTH*	SINGLE-SCAN	WIDE-SCAN	AIR-BAR
12"	SE200-SS-012K1 \$490.00	SE200-WS-012K1 \$535.40	SE200-AIR-012K1 \$612.60
18"	SE200-SS-018K1 \$525.30	SE200-WS-018K1 \$578.15	SE200-AIR-018K1 \$666.25
24"	SE200-SS-024K1 \$560.60	SE200-WS-024K1 \$620.85	SE200-AIR-024K1 \$719.88
30"	SE200-SS-030K1 \$595.90	SE200-WS-030K1 \$663.55	SE200-AIR-030K1 \$773.53

* Length from the first emitter to the last. (Any bar length is available - Call for quotation).

ANTI-STATIC TINSEL

Proven through fifty years of success to be the most effective low cost static eliminator. No power required. 72 feet per box.

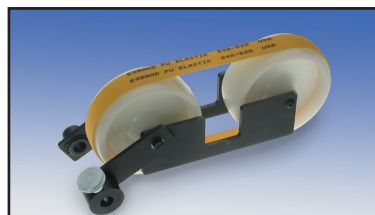

Box - \$14.90
12 box Case - \$150.00

PANZER WHEELS *for use on stitchers or folders to provide smooth uninterrupted delivery of finished product.*

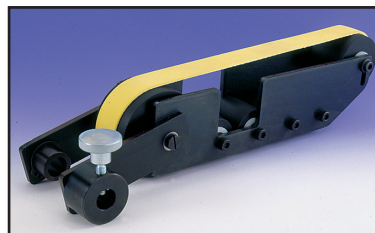

- Assures Even Shingling on a Wide Variety of Products

Standard Panzer Wheel is used for normal to heavy book work. Good replacement for standard delivery wheels when running heavy signatures, or multiple-up jobs.

Miniature Panzer Wheel is used on miniature folders for small work.

Entrance wheel height can be easily adjusted to maintain drive and signature control between folder and stacker.

We have a Panzer Wheel to meet your needs!

STANDARD PANZER WHEEL

QE Part #	Description	Price
PZS-BM	Baum Panzer Wheel Assembly	\$160.00
PZS-MB	MBO Panzer Wheel Assembly	160.00
PZS-ST	Stahl Panzer Wheel Assembly	160.00
PZT-**	Mounting T for Muller*	45.00
PZS-BT	Replacement Belt	25.00

MINIATURE PANZER WHEEL

QE Part #	Description	Price
PZM-BM	Baum Panzer Wheel Assembly	\$250.00
PZM-MB	MBO Panzer Wheel Assembly	250.00
PZM-ST	Stahl Panzer Wheel Assembly	250.00
PZT-**	Mounting T for Muller*	45.00
PZM-BT	Replacement Belt	32.00

** The mounting T adapts an existing panzer wheel for use on a Muller stitcher. When ordering, specify which of the above brands (MBO, Baum or Stahl) of Panzer Wheels the mounting T will be used in conjunction with.
